SNDR	Schneider National Inc	Shipping & Logistics	Truckload, intermodal and logistics services provider	They published several articles on their website about Mexico's spirits and tequila exports that are growing industry, plus some news about a new warehouse for a company that's a distributor of alcoholic and soft drinks, this might be a good indication that part of their work is involved in alcohol and wine delivery, but nothing clear about this type of shipments or how much of it do they deliver in their website, need Fatwa	https://mmtransport.com/huge-warehouse-planned-in-uk/ https://schneider.com/resources/market-updates/mexico-tequila-exports-hit-record-high https://schneider.com/resources/market-updates/mexico-u-s-agricultural-trade-surpassed-us-73-billion-in-2022

SNOW	Snowflake Inc	Information Technology	Cloud-based data platform provider	<p>Although this company works in the Data Cloud field, yet, there are more than one point of concern about it, first, Snowflakes is involved with Defense related activities, they work with United States' DOD- Department of Defense- in what they describe as (DOD Data Strategy) that's focused on data management as a resource that can create and maintain a warfighter advantage on and off the battlefield per their website description.</p> <p>Also, it has started investing in Israel, and opened operations over there with Sales and Development centers in 2021.. This means that this company is involved in data developing projects that's related to military activities in the battlefield and it has presence in Israel... It's better to assume this's going to be utilized in the Israeli military sooner or later if it hasn't already been done</p>	<p>https://www.snowflake.com/en/contact/ https://www.kycisrael.com/companies/516407079/snowflake-cloudtech-israel-ltd/ https://www.calalstech.com/ctech/articles/0,7340,L-3920931,00.html https://www.jpost.com/jpost-tech/data-cloud-giant-snowflake-opens-in-israel-683148 https://en.globes.co.il/en/article-us-data-cloud-giant-snowflake-opens-israel-office-1001388540 https://www.snowflake.com/events/data-for-breakfast/tel-aviv/ https://www.snowflake.com/event/build-local-tel-aviv/ https://usergroups.snowflake.com/events/details/snowflake-israel-presents-snowflake-user-group-tel-aviv/ https://www.snowflake.com/trending/dod-data-strategy/ https://www.snowflake.com/resource/unleash-modern-data-sharing-to-advance-national-defense/ https://www.snowflake.com/trending/dod-il4-protecting-critical-government-data/ https://governmenttechnologyinsider.com/the-department-of-defense-eliminates-siloed-data-to-support-the-mission/ https://investors.snowflake.com/news/news-details/2023/Snowflake-Achieves-U.S.-Department-of-Defense-Impact-Level-4-Authorization-on-AWS-GovCloud/default.aspx</p>

TRMB	Trimble Inc	Technology Industry	Software, hardware, and services tech company	(RED FLAG) They work in Defense industries and have a subsidiary called (Trimble Military & Advanced Systems Inc.) specialized in Defense projects, they also have active partnerships with Israeli-based companies such as (Aquarius Spectrum) and (VayaVision, A LeddarTech Company).. Their partnership with Vayavision is focused on some tech products such as LIDAR, cameras and GNSS sensors that can be used together to improve navigation and mapping, and are being used for military-related products, this means they can be involved with Israeli military activities, Trimble also provides (Military & defense asset management software) products for the defense industry and work in defense projects worldwide per their website description... Their cooperation with the Israeli industry has been recognized by (BIRD Foundation) that promotes cooperation between U.S. and Israeli companies, there's also some news that Trimble could be part of the (TAO/OIBA) or (Technology Association of Oregon/Oregon-Israeli Business Alliance) , a foundation that connects companies and organizations to expand business and economic relations between the State of Oregon and Israel, but this needs more reseach still ..Anyway, Trimble is involved in Defense industry and is recognized for being an active partner with several Israeli companies and might even be involved in the military activities there since they work on LIDAR/GNSS projects with Israel..	https://investor.trimble.com/news/news-details/2018/Trimble-Partners-with-Aquarius-Spectrum-to-Add-Leak-Detection-and-Monitoring-Solutions-to-its-Smart-Water-Portfolio-for-Utilities-02-15-2018/default.aspx https://investor.trimble.com/news/news-details/2021/Trimble-and-VayaVision-Establish-Alliance-to-Make-Intelligent-Automation-Even-Smarter-03-11-2021/default.aspx https://www.birdf.com/ https://leddartech.com/contact-us/ https://aqs-systems.com/contact-us/ https://allegedymiguel.medium.com/how-oregon-tech-funds-israeli-apartheid-and-genocide-680268ef652a https://www.jewishportland.org/community-directory/oregon-israel-business-alliance https://assetlifecycle.trimble.com/en/industries/federal-government/defense https://www.trimble.com/en/solutions/industries/government/defense https://govtribe.com/vendors/trimble-military-and-advanced-systems-inc-dot-65457 https://www.trimble.com/en/solutions/industries/government https://www.bloomberg.com/profile/company/0005038D:US?embedded-checkout=true https://www.usaspending.gov/award/CONT_AWD_FA880720F0001_9700_FA880712D0004_9700 https://s202.q4cdn.com/922416715/files/doc_downloads/2024/trimble-resegregation-slide-presentation.pdf
TRNO	Terreno Realty Corporation	REIT Real Estate	Owns and operates industrial real estates	In 2023 ,They renewed and expanded a lease in San Leandro, California with a provider of global aerospace and defense industry products and services that wasn't named on their website., The expansion lease of 22,000 square feet commenced July 20, 2023 and expires December 2034. The renewal lease of 148,000 square feet, which was to expire in December 2024, will now expire December 2034... This means they have an active investment with an active defense industry entity that's big and successful enough to expand the lease time and land size, and the fact that the name of this company wasn't provided makes it even more concerning since the renewal took place during th war on Gaza time, this Defense facility could be involved in , or profiting from the war on Gaza and the middle east... TSLA	Tesla Inc	Automotive Industry	Electric vehicles & energy generation manufacturer	Tesla is a controversial company , they do sell in Israel and have lots of sales points and supply chain there, but they are only involved in their electric vehicles market only, they have lots of investments in the Israeli market though.... But after Gaza wa broke out in 2023, Elon Musk (The owen end CEO) posted a tweet on Twitter(X) that was cosidered antisemitic and against Israel, he was forced to apologize and vitis Israel later, he also offered to provide Gaza citizens with Starlink internet service after they lost their infrastructure but he couldn't do it ... He is also a very controversial person. Also, there's some company that turns Tesla Truck into a Military truck but this's an independent firm not related to Tesla itself, this's (Archimedes Defense) in partnership with another company called (Unplugged Performance).. No evidence so far that Tesla itself is invovled in any military industry ... However .. Keep a close eye on their activities. Also, note that SpaceX which owend by Elon Musk too, is working with United States army and helping luanching military satellites into orbits .. It's different company but owned by the same controversial person (Elon Musk) ... TTC	The Toro Company	Machinery Industry	Landscape equipment and irrigation system supplies	They have more than one Israeli partner they sell their products in the United States market, such as the Israeli-based (Yamit Filtration and Water Treatment Ltd.) which Toro will be their exclusive distributor in USA... Yamit operates a plant in the occupied West Bank with dozens of Palestinian workers, according to (Who Profits Organization), these workers' rights are being violated by the factory, they get paid minimum wages in very hard conditions, they went on a strike against the factory management, but the president of the factory sent a letter to the union stating that "the land of Israel belongs to the Israeli people, and [he] won't allow a Palestinian worker to be attached to the state of Israel in any way possible"... And now, The Toro company has made a deal to be exclusive distributor with this company Also, Toro made another contract with another Israeli company called (Treetoscope) that provides a SaaS (Software as a Service) irrigation management platform, to help them expand their business ...Also, Toro has a subsidiary called (HammerHead) that has a point of sales in Israel or serves the Israeli customers... UBER	Uber Technologies Inc	Transportation Services	Transportation, ride-hailing & courier services	<p>(RED FLAG) Shockingly, in 2018, Uber have partnered with the US Military to work on an advanced unmanned aerial vehicle (UAV) designs, several websites have mentioned that Uber is helping the Army developing a silent rotor technology to make those drones able to perform more lethal UAV missions... This news started to spread online as early as May-2018 on well-known websites such as (Reuters) and (ArmyTimes) .. By 2023, Israel used a very advanced UAV technologies in the war in Gaza, and countless numbers of Palestinian civilians including women and children were murdered by direct hits from Israeli Airforce UAVs ...And since USA always provides the latest Defense technology to Israel, specially Aerospace technology, so, we can be rest assured that Israeli Airforce UAV technologies were mostly American technologies... These same technologies that US Airforce have been working on with their partners such as (Uber) over 5 years before the genocide in Gaza starts ... This means that Uber is not only considered weapon manufacturer company, but also involved in Gaza genocide with the technology they developed to provide military UAVs with silence technology and other unknown techs to make them more lethal... UPS	United Parcel Service Inc	Shipping & Logistics	Shipping, receiving & supply chain company	Points of concerns: First, they ship alcohol and spirits along with their subsidiaries such as (Coyote Logistics). Second, they do provide logistics and shipping services to the US military, and they already won \$2.35 billion U.S. defense contract before in 2017, the contract said they will provide express small package delivery services to military, but on their website, they do show the ability to ship large military equipment, this means that UPS could be involved in military activities outside USA which's hostile operations in some places of the world... Third: they provide service to Israel and already have 3 offices there, also their subsidiary (Marken LLP) delivers and ship medical supplies in Israel... And in 2020, UPS expressed interest in investing in (Israel Post), no more information yet provided about it but if they invested in it, this would be a significant participation in the Israeli economy. These points of concerns could be minor comparing to the size of UPS, yet, the 2.35 Billion dollars contract with the US military raises a question that they be involved in more than just small express packages, a Fatwa is needed for these activities and the existence of alcohol shipping services too.	https://www.ups.com/us/en/support/shipping-support/shipping-special-care-regulated-items/prohibited-items/spirits.page https://www.ups.com/ca/en/support/shipping-support/shipping-special-care-regulated-items/prohibited-items/alcohol.page https://www.ups.com/assets/resources/webcontent/en_US/international-alcohol-shipping-guide.pdf https://coyote.com/industries/food-beverage-logistics/ https://www.ups.com/media/en/militaryForeign.pdf https://www.ups.com/media/en/UPS-DOD-Mission-Critical.pdf https://www.businessinsider.com/r-ups-wins-235-billion-us-defense-contract-pentagon-2017-4 https://markets.businessinsider.com/news/stocks/ups-gets-2-35-blm-us-defense-contract-1001954067 https://www.sec.gov/Archives/edgar/data/1090727/000109072720000005/ups-12312019xhibit21.htm https://www.ups.com/il/en/locations.page https://www.jpost.com/israel-news/ups-expresses-interest-in-israel-postal-privatization-tender-638455 https://www.marken.com/marken-supply-chain-update-for-south-israel/

ZI	Zoominfo Technologies Inc	Information Technology	Software, search engine and data company	This's an Israeli company, the original ZoomInfo was founded in Israel in 2000 as Eliyon Technologies, and rebranded as Zoom in 2005. the company was acquired in 2017 by a US private equity firm Great Hill Partners, then acquired by DiscoverOrg in 2019 where it got its final name, however, the CEO Henry Schuck declared that it is valid to think of then as an Israeli company as they are the largest public company in Israel, he also declared that most of their software was developed in Israel , where the CTO resides along with hundreds of their employees... They do have significant presence in Israel and they confessed that they are an Israeli company in nature even after the US acquisition that looks like it's used as a front more than a real acquisition.	https://www.jpost.com/israel-news/you-could-say-zoominfo-is-the-largest-public-company-in-israel-685678 https://ylabstech.com/you-could-say-zoominfo-is-the-largest-public-company-in-israel/ https://fintel.io/doc/sec-zoominfo-technologies-inc-1794515-ex211-2024-february-15-19768-8413 https://www.sec.gov/Archives/edgar/data/1794515/000179451521000061/zi-ex211x20210226.htm https://ir.zoominfo.com/news-releases/news-release-details/zoominfo-open-new-office-near-tel-aviv-israel/ https://en.wikipedia.org/wiki/ZoomInfo https://www.calcalistech.com/ctech/articles/0,7340,L-3912362,00.html https://www.zoominfo.com/companies-search/location-israel-industry-software https://www.stocktitan.net/news/ZI/zoom-info-to-open-new-office-near-tel-aviv-1gjenw5biv7o.html https://www.zoominfo.com/newsroom/press-releases/zoominfo-open-new-office-near-tel-aviv-israel
